

## ***Taylor Gailey- Asset Analyst***

### **Overview**

Taylor Gailey commenced work for Gateway Project Partners in late May 2011. Taylor has spent the last 9 months researching and analysing various projects for the company, and was involved in assisting with the annual Australasian Airport Real Estate Conference 2011, held last year in Melbourne. Taylor is working with Gateway Project Partners on a part time basis while completing her university degree.

Taylor is a 4<sup>th</sup> year Property Economics student at the Queensland University of Technology, with a first minor in Regional Town Planning and a second minor in Business Management. Taylor is an active member within the QUT community and is a member of the Next Generation Property Group, a student member of the UDIA, participated in the annual RICS Inter-University Challenge Moot Debates last year, and is involved annually with reviewing the QUT Property Economics Course with RICS representatives.
